ABOUT ME

Junior frontend developer with experience in React projects and certifications in responsive design and JavaScript.

Committed to continuous learning and adapting to new technologies.

I have the ability to work in a team and collaborate on projects.

I am looking for a job that provides me with the opportunity to work on challenging projects and allows me to grow and learn within the company.

Ignacio Navarro Poves

Frontend Developer | HTML, CSS, JavaScript, React

STUDIES

The Complete 2023 Web Development Bootcamp

Udemy - Dr. Angela Yu | November 2022 - March 2023.

Ranked as one of the top-rated courses on Udemy, this more than 65-hour course covers a comprehensive curriculum through interactive tutorials, real-world projects, and the latest tools used by companies such as Apple, Google, and Netflix. It includes:

- Frontend development: HTML5, CSS3, SASS JavaScript, ES6, React, Bootstrap and more.
- Backend development: Node, Express, APIs, MongoDB, SQL.

C Piscine & Cursus

42 Málaga - Fundación Telefónica | July 2022 - Present.

26-day C bootcamp, including weekends, in which I personally invested over 230 hours. This was an entrance exam to the Cursus program, which I successfully completed. As a student now, I set my own pace.

- Hard-skills developed: Shell, C, Git.
- Soft-skills developed: Self-learning, teamwork, time management, and resilience.

Intensive Cryptocurrency & Blockchain course

Binance | September 2022.

Masters Degree in Digital Marketing & E-Commerce

EAE Business School | 2021 - 2022.

MBA in International Business Management

ICEX - CECO | 2020 - 2021.

Erasmus + in Malasia

Segi University Kota Damansara | 2015 -2016.

BA (HONS) Business Management

Abertay University | 2013 -2017.
